WOOL AT 20 CENTS

WYOMING PAPER PRE-
DICTS HIGH PRICES.

Sheepmen Anticipate Best Market in the History of the West Next Year—Prices Are Now From 2 to 6 Cents Higher Than Last Year—Clip in Utah and Wyoming Will All Be Owned by Middlemen Before It is Sheared.

The Wyoming Tribune in summing up the situation in that state, says: "Twenty-cent wool!"

"That is what Wyoming flockmasters anticipate for next year and everything indicates that their expectations will be fully realized.

"More than that, many sheepmen who are conversant with existing conditions, confidently predict that the price of wool will go even higher and that 22 and 23-cent wool is not an impossibility.

"Not only will wool prices be higher, but from present indications Wyoming is to enjoy another remarkable winter, and aside from the death of old ewes and bucks, stock losses are expected to be practically nil.

"Heretofore the sheepmen have experienced a number of severe storms before this time, but so far the winter has been mild and pleasant, and with the ranges covered with fine feed it is believed the flocks will be able to winter and come out in the spring strong enough to weather the storms.

"Eastern buyers are already in the field in great numbers contracting for the 1905 clip at prices from 2 to 6 cents in advance of those paid this year. Offers of 15 and 16 cents were made from the start, but the wise ones are holding off for the better prices which are sure to come. Many flockmasters have already contracted for the clip at 17 and 18 cents, while the ruling price this year was from 12 1/2 to 14 cents.

"It is not apparent that anyone is getting a corner on the market, as all of the old firms are in the field and many new ones.

"It is evident, however, that the 1905 wool clip will be owned by the middlemen long before it leaves the sheep's backs. The buyers are preserving discreet silence in regard to the cause of their anxiety to take chances on the future of the wool market, but it is only natural that the high price of cotton should tend to increase the demand for wool, while the continued war in the Far East is doubtless also a factor.

"One thing certain, the Eastern buyers make it their business to become conversant not only with present conditions, but those of the future and their offers for wool at advanced prices is the best indication of what the market will be next season."

"AROUND THE WORLD."

Round Trip With Admissions Paid,
for \$1.00.

The Parish Aid Society of the Church of the Redeemer has arranged for an unique entertainment to be held Friday night. It will be known as "A Trip Around the World." Starting at the Hotel Bickers at 7:30 o'clock, those holding round trip tickets, will be transported to the five different stations arranged.

Cayuse station will be at Mrs. Lee Moorhouse's, where Indian curios will be displayed. Japan will be represented at Mrs. John F. Robinson's. Mrs. C. E. Roosevelt will act as hostess there, with attendants dressed in Japanese costume.

The fair for the round trip will be \$1; single stations, 25 cents.

Thomas Jefferson Coming.

Thomas Jefferson, who is starring in "Rip Van Winkle," was recently asked why he didn't have a dog in the play, as he continually speaks of "my dog Schneider." He replied that he disliked realism in art, and realism alive with a tail to wag at the wrong time would be abominable. "But don't you think the public would like to see Schneider?" she asked. "The public could not give me a higher compliment, for it shows how great an interest they take in an animal that has never been exhibited. No, no, hold the mirror up to nature if you like, but don't hold nature up—a reflection of the thing, but not the thing itself."

Daniel Sully Coming.

Daniel Sully will open his season with his new play, "Our Pastor," at Wilkesbarre, Pa., November 8. This comedy drama was tried out at Worcester October 12, and proved so satisfactory that Willis E. Boyer, Mr. Sully's manager, immediately ordered the company into New York to prepare for a tour with it. "Our Pastor" is in every way the strongest play Sully has ever had and it will be a surprise and delight even to those who have seen his famous production of "The Parish Priest."

Dufur is Growing.

Surveyor F. S. Gordon has just returned from a surveying tour and tells us that last week he laid out the Great Southern addition to Dufur which is composed of 16 blocks south of Dufur. In a few days surveys will be commenced for the exact location of the roadbed of the railroad leading beyond Dufur.—The Dalles Chronicle.

A Runaway Bicycle.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair. The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure. Accept no substitute—there is none. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Baas of Fremont, N. C., writes. Only 50c at Tallman & Co.'s druggists.

Thousands Have Kidney
Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When you write mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

MAKES WORK EASIER.

Pendleton People Are Pleased to
Learn How It Is Done.

It's pretty hard to attend to duties with a constantly aching back; with annoying urinary disorders. Doan's Kidney Pills make Work easier.

They cure backache. They cure every kidney ill.

J. W. Horn, stone mason, living on Webb street, near Little street, says: "Reading an advertisement about Doan's Kidney Pills led me to procure a box at Brock & McComas Co.'s store. Some three years ago I strained my back lifting, and ever since then an extra work, lifting, or colds which settled in my back affected the kidneys. I tried a great many different remedies but obtained little if any benefit from them. The first dose of Doan's Kidney Pills helped me. I used in all three boxes and they cured me. I shall always recommend this remedy to others as I know it can be depended upon."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
